FUTURE OF FINTECH

(Panel Discussion)

FUTURE OF FINTECH

About the event

FinTech (financial technology as a buzzword) has simplified transactions. It's dissolving the barriers between service providers, allowing banking and internet companies to offer services that are practically identical.

This event is structured so as to call out some FinTech Industry experts as part of our panel to give their esteemed knowledge and mentorship on how the FinTech domain will look like in 2030, 2040 and 2050.

ANUBHAV

(Panel Discussion & AMA Session)

ANUBHAV

About the event

Starting a new venture is a challenge and then starting it with your studies is a challenge on a whole different level. However, it is possible and many success stories are built in college dorm rooms.

In Anubhav a panel discussion will be organised followed by an extensive Ask Me Anything session. The members of the panel have started some sort of venture while they were college students so they'll share their Anubhav with the students.

BUSINESS DARBAR

(Pitching Event)

BUSINESS DARBAR

About the event

Starting a new venture is a challenge and it is quite frequent that young founders lack proper mentorship and often do basic mistakes which could be extremely threatening to the future of their venture.

This is a Shark Tank formatted pitching event where student entrepreneurs could come to pitch their venture. There would be a panel of 3-5 Angel Investors, Venture Capitalists and Industry Experts who'll help students and provide them personal mentorship and some investment offers.
